

KJM STONES · ENGINEERED QUARTZ

Bianco *Solaris*

the warmth of gold, the calm of white

A luminous white field threaded with soft grey movement and warm veins of gold — the quiet drama of Italian Calacatta marble, rendered in the strength and low upkeep of premium quartz.

— marble's look, quartz's strength — sunlit elegance, engineered to last

SPECIFICATION

| | |
|------------|----------------------------------|
| Name | Bianco Solaris |
| Material | Engineered quartz |
| Appearance | White base · grey & gold veining |
| Finish | Polished |
| Thickness | 3 cm |
| Slab size | Jumbo · 138" x 79" |
| Origin | Engineered in Vietnam |
| SKU | KJM-BS-3001 |

PERFORMANCE

- Non-porous — no sealing required
- Scratch resistant
- Stain resistant
- Heat resistant (use trivets)
- Consistent slab-to-slab pattern

APPLICATIONS

Countertops · islands · waterfall edges · backsplashes · bathroom vanities · feature & accent walls · commercial surfaces

Marketing note: describe as the look of Italian Calacatta marble — Bianco Solaris is engineered quartz, not natural stone. Slight variation in veining is inherent to the material.
