

KJM STONES · ENGINEERED QUARTZ

Calacatta *Lumina*

soft light, gentle movement

Delicate veins of warm gold and soft grey drift across a luminous white field — an ethereal surface with the quiet elegance of fine Italian marble and the enduring strength of premium quartz. Calacatta Lumina brings effortless refinement to any space.

— ethereal veining, engineered to last — quiet luxury, lasting beauty

SPECIFICATION

Name	Calacatta Lumina
Material	Engineered quartz
Appearance	White base · soft gold & grey veining
Finish	Polished
Thickness	3 cm
Slab size	Jumbo · 138" × 79"
Origin	Engineered in Vietnam
SKU	KJM-CL-3004

PERFORMANCE

- Non-porous — no sealing required
- Scratch resistant
- Stain resistant
- Heat resistant (use trivets)
- Consistent slab-to-slab pattern

APPLICATIONS

Countertops · islands · waterfall edges · backsplashes · bathroom vanities · feature & accent walls · commercial surfaces

Marketing note: describe as the look of Italian Calacatta marble — Calacatta Lumina is engineered quartz, not natural stone. Slight variation in veining is inherent to the material.
