

KJM STONES · ENGINEERED QUARTZ

Calacatta *Riviera*

coastal light, timeless calm

Long, flowing veins of soft grey trace a luminous white field — an Italian coastal aesthetic captured in premium engineered quartz. Calacatta Riviera brings the sunlit calm of the Mediterranean home, with the strength and low upkeep of a surface engineered for real life.

— *coastal elegance, engineered to last* — *sunlit white, effortless calm*

SPECIFICATION

Name	Calacatta Riviera
Material	Engineered quartz
Appearance	White base · soft grey veining
Finish	Polished
Thickness	3 cm
Slab size	Jumbo · 138" × 79"
Origin	Direct import
SKU	KJM-CRV-3005

PERFORMANCE

- Non-porous — no sealing required
- Scratch resistant
- Stain resistant
- Heat resistant (use trivets)
- Consistent slab-to-slab pattern

APPLICATIONS

Countertops · islands · waterfall edges · backsplashes · bathroom vanities · feature & accent walls · commercial surfaces

Marketing note: describe as the look of Italian Calacatta marble — Calacatta Riviera is engineered quartz, not natural stone. Slight variation in veining is inherent to the material.
